You've been gone the whole damn day
Where you've gone you would not say
Tell me baby what am I to do
I'm going crazy over you

You're out all night and you don't come home
You leave me here baby all alone
Tell me baby what am I to do
I'm going crazy over you

What a fool I have been
Opened my heart and let you in
Now my heart's been torn in two

I'm going crazy over you

I won't tear my heart out in the pouring rain
You won't here me crying you won't feel this pain
I won't hold my breath till the sun turns blue
I'm going crazy over you

You're out all night with your friends
Where the party never ends
Tell me baby what am I to do
I'm going crazy over you
