You knew what you were doing when you did what you did  
You used to do the right things but your standards slid  
You're gonna pay the price  
There's no going back to the way it was  
Because a person's gotta pay for what a person does  
You're gonna pay the price

It didn't have to happen that way  
But it did cause baby you were taken chances  
It didn't have to happen that way  
But it did and now you're gonna suffer the  
circumstances

You shoulda learned to live by the golden rule  
Because that karma thing can be awful cruel  
You're gonna pay the price  
Lost your soul gave in to your greed  
When you turn your wants into what you need  
You're gonna pay the price

It didn't have to happen that way  
But it did cause baby you were taken chances  
It didn't have to happen that way  
But it did and now you're gonna suffer the  
circumstances  
But if I was the king of Las Vegas  
I'd wear the nugget ring  
Yeah if I was the king of Las Vegas  
It wouldn't mean a thing to me  
But I'm not

Yeah one of these days when the tables turn  
Yeah you're gonna find out that when the truth is learned  
You're gonna pay the price  
Where you gonna run when it all falls through  
I said where you gonna turn when they turn on you  
You're gonna pay the price

It didn't have to happen that way  
But it did cause baby you were taken chances  
It didn't have to happen that way

But it did and now you're gonna suffer the  
circumstances

But if I was the king of Las Vegas  
I'd wear the nugget ring  
Yeah if I was the king of Las Vegas  
It wouldn't mean a thing to me  
But I'm not
