My body floats over her silver sea
I see her moonlit figure turn to me
The sound of thunder roaring screaming by
I reach for her and I fall into the sky

Living in the land of dreams
All is not as it seems
Just tell me what it means
What is my reality?

I'm searching for something lost long ago
I'm running standing still nowhere to go
This underwater stream of memories
I turn to her and fall unto my knees

Living in the land of dreams
All is not as it seems

Just tell me what it means
What is my reality?

And I'll be there waiting for you
There will be nothing you can do

Here razor stare that sets my heart on fire
This premonition of my strange desire
She only lives inside my land of lies
I only see her when I close my eyes

Living in the land of dreams
All is not as it seems
Just tell me what it means
What is my reality?

And I'll be there waiting for you
There will be nothing you can do
