All is still in the middle of the night
My hearts on fire it's burning bright
There's nowhere i can run and nowhere i can hide
The devil's outside my window

He's whispering my name and telling me his plan
Tappin on the window with a bony red hand
He's telling me son you better start this show
The devil's outside my window

There's a bottle in my left hand my pride's in my right
There's an angel in the closet but it's locked up tight
And there's a voice inside my head saying you'll pay as
you go

The devil's outside my window

He's rattling his bones and i'm shaking in my shoes
He's making me an offer that i can't refuse
I know i'll say yes cause i can't say no
To the devil outside my window

Tap tap tappin
Tap tap tappin
Tap tap tappin on my window

I know what's right but i think that what's wrong
Is that life's so hard and i ain't that strong
So heaven please help me cause it's hell here below
The devil's outside my window
