Dancing madly backwards  
Dancing on a sea  
Racing on my memories  
I'm glad I set my dreams  
Tip toe, tip toe quickly  
Forget about your cares  
And remember underneath you  
Is just a sea of air  
Just remember underneath you  
Is just a sea of air  
Wishing on your wishes  
Landin on a storm  
Knowing when you are dancing  
Knowing that's so far  
Dance, Dance, faster  
Madly dance away  
Cause remeber underneath you  
Is just a sea of air  
Just remember underneath you  
Is just a sea of air  
Well, I saw right now, looked at face to face  
Don't complain never seems too late  
No no no no no  
Ah, cause I'm not sitting on the golden gate  
Love and a peace and war and hate  
No no no no no  
Well, I'm not gonna sit around and wait  
All I'm a doing is losing my face  
Oh no no no  
But we're all on station that's for sure  
Searchin is an endless  
Well, there ain't no care  
Ah, oo
