I know some people like to take life easy,
That's not my style.
I'm not the type to let this life tease me,
I'm gonna make it wild.
I just wanna ride,
Get on my bike and ride.
Some people think you've got to like your life one way,
I disagree.
I'm not gonna pay attention to them anyway,
It's got nothing, nothing to do with me.
Life is so short, we've got
No time to waste at all.
CHORUS:
I just wanna ride,
Get on my bike and ride.
I just wanna ride,
Get on my bike and ride.
I see the road, as it opens up before me,
I feel the heat.
I'm gonna go where I want, when I want to.
I've got to be free.
CHORUS
Feels so right...
Feels so right
