Woah yeah

You got me doin' the moon walk

You got me doin' the moon walk

It's just a matter of time

Before you blow my mind

You got me, woah, doin' the moon walk

Listen baby

I can't stop myself from lovin' you

I can't stop myself from lovin' you

Please hear my cry

And never say goodbye

I can't stop myself from lovin' you

Woah yeah

You got me doin' the moon walk, girl

You got me doin' the moon walk

It's just a matter of time

Before you blow my mind

You got me, woah, doin' the moon walk

Blow your horn brother, play

Oh yeah

You got me doin' the moon walk, girl

You got me doin' the moon walk

It's just a matter of time

Before you blow my mind

You got me, woah, doin' the moon walk

I can do it like this

Just walk along and bounce

Kinda shake a little bit

Every once in a while

Move out on the right foot

Then the left

You understand?

Now we're gonna do it one more time

I want you to join in and help me

Alright, here we go

Right foot

Left

Here come some rocks

A little of that moon dust

Put it in your bag

Walk on home with it now

Ohhh, baby

I'm doin' the moon walk

You got me, woah, doin' the moon walk

Now everybody can do the moon walk

All in the arms

You just walk along, and you kinda bounce

You know what I'm talkin' about

You get that feelin'

You gotta shake it a little bit

Alright now

Let's do it one more time

Are you ready

Alright, here we go, hmmm

Right foot

Left

Pick up some rocks

A little of that moon dust

Put it in your bag

Walk on home with it now

Woah yeah

Look like old Tim wanna do it

Come on man

Come on Mr DJ, lemme see ya

Oh yeah

Everybody do your own thing now

You got the best instructions, that's all ya need

Oh yeah

Now lemme tell ya what I'm gonna do

Ahhh, I'm gonna do it so

I'm gonna do it, baby, 'til I reach my goal

Ohh, my love, I'm doin' the moon walk

Oh yeah, hmmm

Woah yeah, hmmm

Woah baby

I tell ya what

I just want you to do it with me one more time

Just one more time

Ahhh yes

I don't have to tell you how to do it no more

You got it now

I'm just gonna be quiet a while

And sit back and let my hair blow

And listen to my brother Ray kinda

Sow that saxophone for ya

Go ahead on Ray

[SAX BREAK]

Come on back

You don't even know the words

Ha ha ha, woah!
