Down on the corner under the railway  
I hear the old people saying  
It was better without you babe  
It was better without  
You wanna live on shouting street  
Watch your Punjabi  
You wanna bop it on shouting street  
Lay off me Biriani

Now take my motor--Now that's a bargain  
No M.O.T. and the what'sit needs welding  
Tell ya who's a-gonna fix it for you  
Tell ya who's a-gonna fit it for you  
Take it down shouting street  
There'll be a geezer  
He's gotta shack on shouting street  
One greasy geezer

He's got a real sideline from Scandinavia  
Where they understand things of that nature  
Don't a-tell that you got it from him  
Oh don't tell that you got it from him

Say you got it out on shouting street  
Say you found it in the garbage  
Say you got it out on shouting street  
Say you got it from Jim Jarmusch

Let me rock it out on shouting street  
Just like Eddie Cochran

We've seen rough boys born of this manor  
Always doing their nuts when they ain't got spanners  
But just you wait till they've been away  
Just you wait till they've been away  
They'll be back down shouting street  
Selling lady shavers  
They'll be back on shouting street  
They got good behaviour

Oh let me rock it out on shouting street  
And borrow money from me neighbours

Oh let me rock it out on shouting street  
In fifty seven flavours.
