Dal e mi soula, y me incuerdo  
Did you see my family?  
We had a sweet simple glory  
We had a gallant who works for me

For I was once an immortal  
With General Walker's gringo army  
Yeah, I was once an immortal  
With William Walker's gringo army

Must be seven years that I followed him  
All across the southern sea  
And I never thought I'd hear the hammer  
Beating on the iron of slavery

For I was once an immortal  
With General Walker's gringo army  
Yeah, I was once an immortal  
With William Walker's gringo army

Yeah, I hear the horrors go to the barricade  
You're going hungry without any guns  
So senorita for the last time now  
Share some love with the unknown one

For I was once an immortal  
With General Walker's gringo army  
Yeah, I was once an immortal  
With William Walker's gringo army

Yeah, I thinkin' on immortal  
In William Walker's gringo army
