One, two, one, two, three, kick

I'm gonna go out dancin' every night  
I'm gonna see all the city lights  
I'll do everything silver and gold  
I got to hurry up before I grow too old

I'm gonna take a trip around the world  
I'm gonna kiss all the pretty girls  
I'll do everything silver and gold  
And I got to hurry up before I grow too old

Oh, I do a lot of things I know is wrong  
Hope I'm forgiven before I'm gone  
It'll take a lot of prayers to save my soul  
And I got to hurry up before I grow too old

I'm gonna take a trip around the world  
Gonna kiss all the pretty girls  
I'll do everything silver and gold  
And I got to hurry up before I grow too old

Yeah, I'm gonna go out dancin' every night  
I'm gonna see all your city lights  
I'm gonna do everything silver and gold  
And I got to hurry up before I grow too old

Kelly, that's a take
