215 Association, Deific inc. in the building!
they say I Can't spas, fuck it
Call me confused, but I prove im the best in the league
A regular person will never be the head of my street
Competitors breath and notice im the air to the throne
Hulk Hogan start roastin them by end of the song
Imagine havoc interfering the career that Ive chosen
Which couldn't happen when im near the top
and veering to open, rank smoking, dank potion
Thats the liquor if you didn't know My mind is dazing
i could say high to space 'for you hit the road
Spitting poems that go over niggas' heads like a
condom ill, Im for real
mighty joe go bananas and hard to kill
A lot of dudes talk about trapping when they sing
songs
Acting like you got the white girl, youre not king kong
Listen Im the shit huh, I rip it like legit bong
Excel until my eyelids are blinded just like Ching Chong
Yeah, Joel Venom talks alot of shit
Cause everybody knows Im on point like a rhinoceros
Coppers get frantic, Im above the law so stand with me
If you conquer that I hold it down like the laws of
gravity
Performing while you snore

getting props from large academies
Im out the house so much thats probably why your
mommamas
mad at me. I go by father if you battle me
Tragedy, ambulance, paramedics asking please!
fagot breath! Ill call a taxi leave and roll one
you slain, in pain, all lookers cannot fuction their brain
complain about my track record, something can
change
Call of duty knife throw aimed at your jugular vein.
DANG! Im the shit mayne, y'all are just a shit stain
I spit game, and get dames to get blown like remains
too insane the most, all the lames can choke
?????? til theyre stiff laying and broke UGH!
Im a monster thats why everything i say sticks

Beat please boy i got more niggas than the slave shift
Ill be waiting (?) make you wonder who you came with
I dont fuck with perpetrators, just my family
Im fine with watching you fools fall off just like a
canopy
I ball, I came, (?) the fame
Every track I make bang like theyre all a game
I am not human, were not all the same
Hip hops in my blood thats why these bars are in vein
You niggas lame Im the king bitch hear ye
I fuck your girl she come again like she aint hear me
Chi-town lyricologist, disowning your town
The mission is complete, over and out.
