"Tend My Garden"

Would you like to come home with me? I can think of
things to show ya Thinkin' that I'd like to get to know ya,
uh Mornin' milkman's comin' Get up, greet my
day Evenin' brings the sun in Still I find my way - Change
of plans, makin' a landin' to see ya And I do wanna be
your man, oh, yeah Sunday, highway drivin' It all looks
about the same Nowhere, just arrivin' Still I play the
game - I'm home grown, growin' my own and I need
ya Need ya to beg my pardon, to tend my
garden Flowers, she's sittin' for poses She wants me to
sing my song Hours, she's like a stoned Moses Guess I'll
sing along
