Uh huh

I like big tits
(uh huh uh huh)

You see 'em on the street
left and right
I like big tits (that's right)
I try to look away
but I can't resist
Everytime I try to call it quits
Here come some tits
(that's a big 10-4)

Uh huh

I like big tits (uh huh uh huh)
Tits
Well they come in twos
Hard to choose
your favorite tit
uh huh

I like tits for dinner
Or a noon time snack
I like tits for lunch
a big tit attack
I like tits for breakfast
it's what it is
they're where its at
tits

They give me shivers
when they bounce around
Buckled up or hanging on the ground
I like big tits
uh huh
tits, save it all for me
tits
I'm a tit man...
