Time went by so quickly
You were only seventeen
When you left you took part of me
Took so much for granted
Can you hear me can you see
Cause something's making
me believe
And I just want to let you know

This was your time
When you went away
It seemed the days all faded to night
But you will be alright I know it
Cause I've got an Angel
Watching me

On the road that morning
Took awhile for me to feel
To figure out just what was real
I tripped before I fell
A Scream before a Yell
Could You hear me ?
I Just want to let you know

This was your time
When you went away
It seemed the days all faded to night
But you will be alright I know it
Cause I've got an Angel
Watching me

Iv been searching for
The truth that lies behind the door
you found
Do you keep your name?
Is it all the same in your new world?
I just want to let you know

This was your time
When you went away
It seemed the days all faded to night

But you will be alright I know it
Cause I've got an Angel
Watching me

Give me faith Give me hope
in this life were just here for
a little while
No goodbyes, wipe the tears
from your eyes see the sun
from the other side
I know you'll be fine
I'll see you around some time

In loveing memory of Joey Panetta
