I ran home, felt like a kid again  
like i did way back when  
eyes open wide  
i came here to hide  
and so it goes

few days shy  
of 25  
alone again  
wondering why  
no one stays  
by my side  
and so it goes

i dont wanna know what love is  
i'm just trying  
to exist  
and i'd like to think you'll be back after this  
oh but i know you dont believe it

there are pieces of you here  
that just wont dissappear  
atleast for another year  
so i wish you well my friend  
cuz i know you wont be back again

i've never felt so  
half of what i am  
so lights out  
lets do this again

tomorrow's on hold  
when i'm missing conversations  
and comming off cold

i'll take the fall  
and blame this all on me  
for the sake of hiding  
what created this catastrophe  
where every day's a heartbrake  
and it hurts to be awake  
and so it goes

you dont have to convince me  
the truth is in your words  
when i wake it will be me  
still being absurd  
and so it goes

i dont wanna know what love is  
i'm just trying  
to exist  
and i'd like to think you'll be back after this  
oh but i know you dont believe it

there are pieces of you here  
that just wont dissappear  
atleast for another year  
so i wish you well my friend  
cuz i know you wont be back again
