Maybe baby I love you
Maybe baby I don't
Maybe baby someday
I'll leave you
Then again maybe I won't
Woohoo

(piano playing)

Maybe baby I love you
Maybe baby I don't
Maybe baby someday I'll leave you, then again maybe I
won't
It's hard to know what the future holds, my mind is so
unclear
Ooh it's hard to see, if we would be together through
the year
Oh baby, You'd be my baby? Woohoo
Forever, whose to say? I'll do it my way

And when the night is gone, I'll always here you calling
Then maybe I'll be afraid
And baby just remember , the times we spent together
And maybe I'll hear you say

Oh baby, You'd be my baby? Woohoo
Forever, whose to say? I'll do it my way

Oh baby, You'd be my baby? Woohoo
Forever, whose to say? I'll do it my way
