I want somebody to share
Share the rest of my life
Share my innermost thoughts
Know my intimate details
Some one who will stand by
my side
And give me support
And in return
Shell get my support
She will listen to me
When I want to speak
About the world we live in
And life in general
Though my views may
be wrong
They may even be perverted
She will hear me out
And wont easily be converted
To my way of thinking
In fact she will often disagree
But at the end of it all
She will understand me

I want somebody who cares
for me passionately
With every thought and with
every breath
Some one who will help me
see things
In a different light
All the things i detest
I will almost like
I dont want to be tied
To any one strings
Im carefully trying to steer clear
of those things
But when im asleep
I want somebody
Who will put there arms
around me
And kiss me tenderly

Though things like this
Make me sick
In a case like this
Ill get away with it
