Well how I wonder
What it takes to be your friend
Conversational disasters
I have never seem to end
Tell me when I lost you
How come I forgot you?
It's the easy things that I don't comprehend
It's the little things you say between your friends
It's the littlest of things that I said

Well how I wonder
What makes a difference in this world
All the things that I have been taught
About dealing with this girl
Tell me when I lost you
How come I forgot you?
It's the easy things that I don't comprehend
It's the little things you say between your friends
It's the littlest of things that I said

I don't know
What it's like
To be on your
I don't know
What it's like
To be on your side
I don't know
What it's like
To be on your side
I don't know
What it's like
So I ask myself
"Why did this happen in the first place?"
"Why did this happen in the first place?"
"Why did this happen in the first place?"
This shouldn't have happened at all
