Intro:

Hey this is Captain Jack!

Refrain:

Do you really follow me into the light

Drill instructor's on, drill instructor's on my side

Do you really make commands of dynamite

Love and peace is our fight

All for one, come together friends - we have to take this chance

All for one, come together friends - we got to take this chance tonight

Drill instructor tell me what to do

I'm your man, i will follow only you

See us making love all through the night

That's the reason my drill instructor loves to fight

Now sound off 1-2, bring it on up 3-4

Bring it on down 1-2, 3-4, 1-2, 3-4, 1-2, 3-4

Do you really follow me into the light

Drill instructor's on, drill instructor's on my side

Do you really make commands of dynamite

Love and peace is our fight

All for one, come together friends - we have to take this chance

All for one, come together friends - we got to take this chance tonight

C/130 rolling down the strip

Airbone lady's going to take a little trip

Jumping out planes in the midnight hour

As soon as we land, this place is ours

Now sound off 1-2, bring it on up 3-4

Bring it on down 1-2, 3-4, 1-2, 3-4, 1-2, 3-4

Do you really follow me into the light

Drill instructor's on, drill instructor's on my side

Do you really make commands of dynamite

Love and peace is our fight

All for one, come together friends - we have to take this chance

All for one, come together friends - we got to take this chance tonight

Peace, love and happiness in our hands

Is up to us, come on in and take commands

Come together and see the light  
All for one like a stick of dynamite  
Now sound off 1-2, bring it on up 3-4  
Bring it on down 1-2, 3-4, 1-2, 3-4, 1-2, 3-4  
Do you really follow me into the light  
Drill instructor's on, drill instructor's on my side  
Do you really make commands of dynamite  
Love and peace is our fight  
All for one, come together friends - we have to take this  
chance  
All for one, come together friends - we got to take this  
chance tonight
