"So what?" was said to you
About last night
None of it makes sense to read aloud
You heard it
Once or twice before
But I can't comprehend
This place is dead
And maybe in time
We will all be
Buried along with it
As if it really
Matters any more

Something to
Say about
The way we are
We listened so attentive to
The 'How it should be'
But didn't hear a thing
So here's to you and me
The apathy
Was never really clever anyway
It was all a game
But we played it just the same

And even if it takes forever
I could wait forever
"So what?"
Now?
And even if it takes forever
I could wait forever
"So what?"
Now-ow-ow?

"So what?" was said to you
About last night
None of it made sense to read aloud
You heard it
Once or twice before
But I can't comprehend
This place is dead
And maybe in time

We will all be
Buried along with it
Leave this sinking ship and
Even if
It takes
Forever
I
Could wait
Forever
Even if
It takes
Forever
I'll be
Gone
I'll be
Gone

Even if
It takes
Forever
I
Could wait
Forever
Even if
It takes
Forever
I'll say
