Refrain:

Get up and live for your life
Get up and live for the moment
If we all do the jive
Then everything is all right
Get up and live for your life
Get up and use all your power
If we stand up to fight
We'll make it all day and night

Rap 1:

Get up, get up, get down
Shake it all around

Work it to the ground
Let me hear you say
Uuuuh nananana
