Refrain:

Hiho Hiho

It's off to work we go

Sweat in the sun - then have some fun

Hihi Hiho Hiho

Hiho Hiho

It's off to work we go

We do our best - and work for less

Hihi Hiho

Let's sing this song - hey

Let's sing this song - hoooh

We're going on, com'on now

1-2-3-4

Look at me, I work so hard

And I don't really make a lot

Everyday oh I break my back

Outside and it is very hot

Oh why my life must be this way

I have no time to go and play

Oh I can't wait until friday

Then I can go and spend my pay

Back again I'm in the job

Doing what I did the week before

Look at me I work so hard

And my hands and feet are very sore

Who says my life should be this way

I have no time to go and play

Oh I look forward to firday

Then I can sleep my life away
