Picture of you, is all I have beside me  
I can see your face, but I can't touch your body

Now I'm missing out on something good  
I can't seem to get the message through [x2]

*Don't wait for me cause I can't promise anything  
And I don't wanna disappoint you,  
But I know I will eventually [x2]*

*Picture of you, in my head reminds me  
Something else, that we both will always see*

*Now I'm missing out on something good  
I can't seem to get the (message) message through [x2]*

*Don't wait for me cause I can't promise anything  
And I don't wanna disappoint you,  
But I know I will eventually [x2]  
Picture of you, it's all I have beside me  
I can see your face, but I can't touch your body*

*Now I'm missing out on something good  
I can't seem to get the (message) message through [x2]*

*Don't wait for me cause I can't promise anything  
And I don't wanna disappoint you,  
But I know I will eventually [x2]*
