Digits and numbers in your book
I don't know where to look
I'm scared, I've just got up
It's grey and cold
No, I won't take that slip
But you can post it
If you want to
Or maybe I could move

Six feet forward
Will you let me go?
No, I don't think so
Six feet forward
Will you let me go?
No, I don't think so

No, I won't take that slip
But you can post it
If you want to
Or maybe I could move

Six feet forward
Will you let me go?
No, I don't think so
Six feet forward
Will you let me go?
No, I don't think so
Six feet forward
Will you let me go?
No
I didn't
Think so
