Want me to say "I love you"?
Ill see you after class
I really think this time that we can make it last
And you can
Tell me about your boyfriend
(Is he the same...)
Is he the same as me?
Can I still talk with you?
Can you still look at me?
Dependency
Well I know that that's a lie
If you say it to my face I wont ask why
Rely on me
Give me something to believe
Ive made too many mistakes to pass you by
Well I know
It really goes to show
What it takes to relate to
Anything that you say
Well I know
It really goes to show
What it takes to relate to
Anything
But I don't know why
Want me to say "I love you"?
(I love you)
Ill see you after class
I really think this time that we can make it last
And you can
Tell me about your boyfriend
(Is he the same...)
Is he the same as me?
Can I still talk with you?
Can you still look at me?
Dependency
Well I know that that's a lie
If you say it to my face I wont ask why
Rely on me
Give me something to believe
Ive made too many mistakes to pass you by
Well I know
It really goes to show

What it takes to relate to
Anything that you say
Well I know
It really goes to show
What it takes to relate to
Anything
But I don't know why
