Last night
Was the latest last time
That I was ever going to
Be with you again
Understand
It happens
All of the time
What about us?
And what is this
Situation that I'm in?
It's not ever going to
Be the same again
It's not ever going to
Be the same again
It's not ever going to
Be the same again

Tonight
Was the very last time
That I said I was going to
Deal with this again
Comprehend
It happens
Every time
It's about us
Now we know the
Situation that we're in
And the needle on the
Record skips again
The needle on the
Record skips again
The needle on the
Record skips again
The needle on the
Record skips again
The needle's skipping on my record
(Needle's skipping on my record)
Needle's skipping on my record
Needle's skipping on my record
Again
