She can do it right, tripping on the side
She can do it right, tripping on the side
She can do it right, tripping on the side
Tripping on the side
She can do it right,

We can do it, till the sun comes up
If you don't... your chick
I'ma, I'ma grab her, wrap her

She can do it right, she can do it right
Do it in the morning, do it in the evening
Late at night... you know that I mean it
She can do it right, she can do it right

We can do it, till the sun comes up, up, up
The love you give, I can't get enough
What's your fantasies yeah I wanna do
Anything you want in the bedroom
We can go up, down, up, down
By the way you moving, you got me

She can do it right, she can do it right
Do it in the morning, do it in the evening
Late at night... you know that I mean it
She can do it right, she can do it right

Now I'm sitting here thinking to myself
How you do what you do?
Trying to keep it cool, but I just can't help, no
What's your fantasies yeah I wanna do
Anything you want in the bedroom
We can go up, down, up, down
I love the way you moving, you got me

She can do it right, she can do it right
Do it in the morning, do it in the evening
Late at night... you know that I mean it
She can do it right, she can do it right

How I love you, and I need you

Baby I love you, I do
And it's more than you ever know, oh no
Girl it's for sure
You can always count on my love, forever more
She can do it right, tripping on the side
She can do it right, tripping on the side
She can do it right, she can do it right
She can do it right, she can do it right.
