I climbed a mountain high  
And looked out on to the sea  
On the bridge you were standing there  
Just waiting x3

Then a voice came to me  
Carried softly on the breeze  
He said my scars go deeper so  
Make it right x3

Don't withhold your love from me  
Cause I need it desperately  
I caught a glimpse of how lonely I would be  
Cause I need you and you need me x2

Look into your hourglass  
Tell me how much time is left  
The window of opportunity  
I'm knockin' x3

Chorus

Even if its awkward at first  
Even if we don't know what to say  
I would rather fail at love  
Then let pride get in the way

Don't withhold your love from me  
Cause I need it desperately  
I caught a glimpse of how happy we could be  
Cause I need you and you need me x3

Outro  
We can't go back  
But we can go forward  
We can't go back  
But we can go forward, forward
