"Glory Glory"

Everything
Under starry skies
Every heavenly body too
Longs to praise
Bring You sacrifice
Give the glory back to You

Glory glory, Hallelu
We bring the glory up to You
Sweet smelling incense
Heavenly romance
Glory glory, Hallelu

Every human heart
Longs right from the start
To cry out to Heaven's gates
You are the One
You're the only One
Who can hear the heart that waits

Glory glory, Hallelu
We bring the glory up to You
Sweet smelling incense
Heavenly romance
Glory glory, Hallelu
[repeat]
