Can you hear me? You got to hear me
Baby baby, please dont fear me
All I want to do is call you live
Hope one day to call you mine
Love is here and just for you
Never forget the words that I told you
I am ready, and ready to go
Girl, I just want to let you know
Bite like matter hope youll like
Just so I can find the light
Dont stop dont stop just to search my dream
I want you on my team
Strong, and you got it going on
We could build together a place call home
Taking a walk out in the rain
Life is love and pain

Love and pain a day with sun and rain
Im talking live long lane, a life with love and pain
Love and pain it never stays the same or is it just a
game
A life with love and pain
Yeah, hea, ah ah

Gotta be strong, gotta be strong
Keep myself from doing wrong
Gotta be strong
Gotta be strong
Keep myself from doing wrong
Gotta be strong
Gotta be strong
Keep myself from doing wrong
Stand up straight and act my age
Life is a book and this is the first page
Love, is what I see
I think its time that I reach my peak
Every night cant eat and sleep
Cause Im thinking of a love to keep
I brought steal, but I refuse to stop
My search goes on until I drop
Gotta be somebody, Im there
Or somebody thats willing to share

Somebody, yeah, who dares
Respect and show they care
Im taking a walk out in the rain
Life is love and pain
