What the fuck do you mean, I'm here to fuck up the scene  
Like a horny robot, I'm a fucking machine  
Who's your favorite rapper, I'll throw him up in the theme  
But it's like â€¦ fuck em up in the dreams, I'm a troublemaker now  
Shut the fuck up, I'm better than you  
King of the jungle, go an pick your head in the zoo  
I'm from where fighting is old the medal was new  
So â€¦ come out at night like the Letterman crew  
You can't stop me, this is what I'm destined to do  
I develop my own strain at the Mexican Flu  
See half of my tongue's green and the rest it is blue  
No cure but I can treat it and the medicine is you  
Cause I feel so good when I crush your â€¦  
Match boxes can't rock with a custom car  
Guess that's why girls be on my nuts from â€¦  
I tell them reach for my dick and they touch the stars

It's like yeah, rappers talking that tough shit to that â€¦  
leave a nigger guts spilled  
I'm a beast my nigger, one blow will leave in the streets  
my nigger  
So go ahead and try to play tough, just know it ain't  
yagging to get you sprayed up  
I'm a beast my nigger, one blow will leave in the streets  
my nigger

Damn I miss â€¦ on this mike  
Such a short bet for the gambling type  
â€¦ don't get height, don't shots or assaults  
I'ma throw something and bring ambulance right  
And I like you all niggers you ain't gotta like me  
But if you're in the game try and get a dollar like me  
Then I suggest you respect me in every way  
Cause all of ya look approved â€¦  
And I'm starving, matter of fact I'm â€¦  
The more you keep talking, more you look like salmon  
And I'm a grizzly bear so of course I'm standing  
In the middle of the street so you jump I suppose you're

landing

2009 every round was amazing, 2010 is just mine for  
the taking

2011 I'll be on hot, so if the world ends in 2012

It will end with me on top

It's like yeah, rappers talking that tough shit to that â€¦  
leave a nigger guts spilled

I'm a beast my nigger, one blow will leave in the streets  
my nigger

So go ahead and try to play tough, just know it ain't  
yagging to get you sprayed up

I'm a beast my nigger, one blow will leave in the streets  
my nigger

Everything to blame, rain fingers single, middle finger  
to yo

My trigger finger just tingles

â€¦ gave me the thumbs up to finish you bitch

So here goes my company, I'ma give you the business

I ain't here to play games, this is my lively hood

All my loved ones, as long as I'm alive, we're good

I promise, trying hard to be minus but to be honest

What the world seeing now been saw like Nostradamus

So fuck that, yo all been acting like tough cats

Where's my gloves at? â€¦rap

â€¦ you old niggers is â€¦

â€¦used to cry, â€¦who does that?

This ain't luck, this what I'm destined to be

90 commercial, hey buddy checking for me

When they â€¦ going right, I made â€¦

Now definitely the best in definitely

It's like yeah, rappers talking that tough shit to that â€¦  
leave a nigger guts spilled

I'm a beast my nigger, one blow will leave in the streets  
my nigger

So go ahead and try to play tough, just know it ain't  
yagging to get you sprayed up

I'm a beast my nigger, one blow will leave in the streets  
my nigger
