oh babe,  
ohhh, oh oh oh..

we done known each other so long,  
never thought that this would pop off  
but now we getting closer  
i'm truly blessed to know ya  
i'm feeling like you're my one true thang  
every day and night that i'm with ya  
girl you give my whole soul a fit  
ah, it started with a kiss and  
then we threw the sex in  
and now i feel like this is here to stay

[chorus]  
and baby i don't need more time  
'cause i know in my heart this is where i need to be  
so baby please forgive me  
i can't keep my hands off ya  
when we're together  
i wanna take it slow (take it slow)  
from your head, make my way down to your toe (to  
your toe)  
from the bed take it down to the floor  
i dig the way you (do me)  
i feel the way you (move me)  
every time we hook it up

[bridge]  
yeah i know, i wanna stay but i really need to go (need  
to go)  
but girl you get it fired up at the door  
i dig the way you (do me)  
i feel the way you (move me)  
every time we hook it up

well if i may take a minute to tell you  
that it ain't game and it ain't fake  
and baby i adore you, much more than the average  
chick  
lady i'll do what you want to  
please believe it

kissing you none stop, you don't hear me  
i don't want to stop, i don't wanna let go  
i know you never thought a thug could feel this way for  
you but it's true

[chorus]

and baby i don't need more time  
'cause i know in my heart this is where i need to be  
so baby please forgive me  
i can't keep my hands off ya  
when we're together  
i wanna take it slow (take it slow)

from your head, make my way down to your toe (to  
your toe)  
from the bed take it down to the floor  
i dig the way you (do me)  
i feel the way you (move me)  
every time we hook it up

girl i care for you, i'm really there for you  
anytime, every time this is no lie  
i get a vibe from you, when i'm inside of you  
like i belong, like i'm at home  
baby don't you fight this moment  
you know damn well you want it  
it becomes more beautiful  
the more we flow

[chorus]

and baby i don't need more time  
'cause i know in my heart this is where i need to be  
so baby please forgive me  
i can't keep my hands off ya  
when we're together
