"Album Number Two"

This last year's been a whirlwind, but we're doing well
we're told,
Been up and down the highway, and on the radio
Sold a lot of our first record, we even had a hit
Now the big wigs back in Nashville say we better kick it
up a bit
The critics all are waiting, to see what we will do
For much anticipated album number two.

Some say we're going pure country, some say we
should turn pop
They've all got their opinions, on how to take us to the
top
Our new image consultant, says we need a fresh
hairdo,
As if that's gonna make or break album number two
The critics all are waiting, to see if we come through,
So much contemplating for album number two.

Now you might think we're crazy, but is it really all that
hard,
Just cut some songs that made you sing them from the
heart
But if we are mistaken, and our career is through
We'll bid our fans a fine farewell with album number
two
The Critics all are waiting, but it's really up to you
We'd sure appreciate it if you bought album number
two,
They say it's either sink or swim with album number 2
