i don?t accept what makes you scared of
all your little worries
i could tell you dreams and wonders
your mind would crash down like a fallen plane

from now on my stars are burning
from this moment on they?re mine
the day won?t end to make amends
this is everything i?ll ever feel

heaven?s ripping open
my sun?s up, i?m eternally ascending
earth has nothing left for me
i?m leaving
i?m leaving
i?m leaving
i?m leaving
forever

i can?t feel the clouds you?re under
no rain will ever soak me
now i?m falling up the sky
through a tunnel bright like all i loved

i?m leaving
i?m leaving
i?m leaving
i?m leaving
forever

my sun?s up far above your cities
burns them down to cinders
you are all so darn small
i don?t fit among your little streets

heaven?s ripping open
my sun?s up, i?m eternally ascending
earth has nothing left for me
i?m leaving
i?m leaving
i?m leaving

i?m leaving
forever

and ever
