i don't accept what makes you scared of  
all your little worries  
i could tell you dreams and wonders  
your mind would crash down like a fallen plane

from now on my stars are burning  
from this moment on they're mine  
the day won't end to make amends  
this is everything i'll ever feel

heaven's ripping open  
my sun's up, i'm eternally ascending  
earth has nothing left for me  
i'm leaving  
i'm leaving  
i'm leaving  
i'm leaving  
forever

i can't feel the clouds you're under  
no rain will ever soak me  
now i'm falling up the sky  
through a tunnel bright like all i loved

i'm leaving  
i'm leaving  
i'm leaving  
i'm leaving  
forever

my sun's up far above your cities  
burns them down to cinders  
you are all so darn small  
i don't fit among your little streets

heaven's ripping open  
my sun's up, i'm eternally ascending  
earth has nothing left for me  
i'm leaving  
i'm leaving  
i'm leaving  
i'm leaving

forever

and ever
