You've got the boots, you've got the buckle  
You've got the Stetson cowboy hat  
You've got the creases in your Wranglers  
And the Skoal ring in the back

You've got the two step and the shottage  
You've got the waltz down to a T  
Hey, you're sure looking good, cowboy  
Now all you need is me

You've got the horse, you've got the trailer  
You've got the King Ranch pick-up truck  
You've got the beer iced down in the back seat  
And the George Straight all cranked up

You've got the tank full and the night off  
You got nowhere you've got to be  
Hey, you're sure looking good, cowboy  
Now all you need is me

Riding right beside you  
Everywhere you go  
In your arms, out on the dance floor  
Cheering for you at the Rodeo

You've got the land, you've got the cattle  
You've got the thousand acre spread  
You've got the brand, the barn and the bunk house  
And the king sized cedar bed

You've got the view of Oklahoma  
Any girl would like to see  
Hey, you're sure looking good, cowboy  
Now all you need is me

Riding right beside you  
Everywhere you go  
In your arms, out on the dance floor  
Cheering for you at the Rodeo

You've got the smile, you've got the dimples  
You've got the butt, cute as could be

Hey, you're sure looking good, cowboy  
Now all you need is me

All you need is me
