She got me going crazy I don't know what to do with
myself
It's the way that she moves I don't know what to do with
my self

So sexy ooooww baby you got me going
Back it on me go shawty you got me going

She is a super model I swear
See them stylist close that she wears
Love it when she fixing her hair
Love the way she moving that there
Love the way she backing it up
Got butterflies in my gut
Shake shaking that butt
(That's what's up)
You know you got me girl cause am on the dance floor
She shake it round and round got me wanting more
You know you got me girl got me so into you
She shake it round and round I don't know what to do

She got me going crazy I don't know what to do with
myself
It's the way that she moves I don't know what to do with
my self

So sexy ooooww baby you got me going
Back it on me go shawty you got me going

I just wanna wake up with you right next to girl
I know we both grown up but we can do it in my truck
Now drive girl drive girl my endurance going up
Drive girl drive girl but don't you crash my truck
1st gear she on want it
2nd gear she on it
3rd gear she outta control
4th gear she on it
5th gear she want it
6th gear am driving her home

She got me going crazy I don't know what to do with
myself

It's the way that she moves I don't know what to do with
my self

So sexy ooooww baby you got me going
Back it on me go shawty you got me going

I wanna rock I wanna rock
I wanna rock this night away
I wanna rock I wanna rock
I wanna rock this night away
Now come rock with me shanty role with me baby ohhh

Now come rock with me shanty role with me baby ho I

She got me going crazy I don't know what to do with
myself
It's the way that she moves I don't know what to do with
my self

So sexy ooooww baby you got me going
Back it on me go shawty you got me going
