It's negative I wish you the worst dear,
To feel the greatest pain a positive
You say it's all in vain I know I felt,
And I won't feel again I know you

Hours of madness
Years of dysfunction
The deepest embitterment
No will to strive or achieve
Finally in breakdown
Perpetual fall on your knees
As you crawl back to me

It ends like this
I can hope for bliss, if you fail again
'Cause I'm right here
To witness every step and when you trip
I will cherish it

Hours of madness
Years of dysfunction
The deepest embitterment
No will to strive or achieve
Finally in breakdown
Perpetual fall on your knees
As you crawl back to me

I live to watch you fail
I live to watch you fail
I live to watch you fail
I am the wind in your sail

I wish you the worst dear
To feel the greatest pain
'Cause I'm right here
To retrieve all you stole
Every tear and everything you own
I wish you...

Hours of madness
Years of dysfunction
The deepest embitterment

No will to trust anyone
This is how I lived
This is how you left me blue
And I'd crawl back to you
