Trapped inside, a vision of love  
I was now feeling so alone  
Disconnected by a path I've chose  
Never thought that we'd cross roads  
I don't need nobody  
Keep telling myself I want somebody  
Somebody to myself

Need nobody  
Keep telling myself I want somebody  
Somebody to myself

This, this, this gunna be, be, be the first time  
I ever open up  
Now now now This, this, this gunna be, be, be the first  
Time  
I ever fall in love  
With you  
A light that's shining  
You, have such perfect timing  
Lost inside a secret dream  
Stuck in a hole of a galaxy

Internally scarred by the pain and the past  
Never thought anything could last  
Then I found you  
The skies turned blue, oh

(Verse 1)  
This, this, this gunna be, be, be the first time  
I ever open up  
Now now now This, this, this gunna be, be, be the first  
Time  
I ever fall in love  
With you  
A light that's shining  
You, have such perfect timing  
Lost inside a secret dream  
Stuck in a hole of a galaxy

Now I can't live without your love

Now I can't breathe without your touch  
No I can't be without your love(x2)

(Verse 1)

This, this, this gunna be, be, be the first time  
I ever open up  
Now now now This, this, this gunna be, be, be the first  
Time  
I ever fall in love  
With you  
A light that's shining  
You, have such perfect timing  
Lost inside a secret dream  
Stuck in a hole of a galaxy
