The other day I felt so young but now you made me 100
years
If you turned 'round, look what you've done
You'll see my eyes, you'll see my tears
My friends all say, "Don't cry to long
There is another love to come"
They maybe right, they maybe wrong but still I love
you, hear my song

You disappeared without goodbye
Knowing so well, you'd make me cry
But troubles, you could never face
So you just left an empty place
My friends all say, "Don't cry to long
There is another love to come"
They maybe right, they maybe wrong but still I love
you, hear my song

The first kiss made a fool of me
It struck me but I couldn't see
For you this love was just the same
I'm asking now, "Am I to blame?"
My friends all say, "Don't cry to long
There is another love to come"
They maybe right, they maybe wrong but still I love
you, hear my song
