Well if you like it (like it) you cannot go wrong
Why don't you try it (try it) dancing all night long
Don't try to fight it (fight it) this is a good song
Dance dance, baby baby, dance dance, crazy crazy

Like it (like it) I know you won't go wrong
Why don't you try it (try it) dancing all night long
Don't try to fight it (fight it) this is a good song
Dance dance, baby baby, dance dance, crazy all night
long

All my friends are here now
We just want to have some fun
We will party till the sunrise
Lots of love for everyone
And if you want to come and join us
I rule you got to bring a friend
Cos we want our party bigger
So tell your friends they must join in

Second verse has started
And we just now warming up
C'mon guys get up and grab a girl
Hit the floor and try your luck
And if you wan tot come and join us
I rule you got to bring a friend
Cos we want our party bigger
So tell your friends they must join in
