[Chorus]

Baby I gotcha now when you'll stay with me  
Two drinks in one, this hypnotized ya baby, yeah  
Fat ass and thick thighs, work that (???) baby  
Got me on lockdown, you're all mine and baby you'll  
stay with me

[Verse 1]

At first I tried not to like the bitch, but after three drinks  
I fell in love  
"Is it room in your life for a scrub?"  
I asked, she laughed it up, grabbed my hands and put  
'em on her ass  
Led me out the club, then said she wanted this to last  
Forever, I laughed, I was like "Yo, that's whatever"  
An angel appeared, she was like "Dice, you better  
Not let that one slip", heard another voice sayin' "Fuck  
that shit  
And all the nonsense that comes with relationships"  
But if you saw the fate I was facin'  
It was a beautiful queen of the highest regard  
A sparklin', gleamin' jewel in the eye of God  
But was now in the eye of me  
I gave my heart to her in its entirety  
We lay in bed crackin' the fuck up, thinkin' about the  
irony  
Of how we almost didn't meet, my heart skips a beat  
'Cause without her, I don't think life would be complete,  
aiyyo

[Chorus]

[Verse 2]

In the beginning it was more than fresh  
Fuckin' in the a.m., kissin' with morning breath  
If I can't have her I'll die, life without her's death  
Our whole vibe is like Romeo and Juliet  
Or Cleopatra and Anthony, I look at her, hear a  
symphony  
A hundred strings, tellin' my dogs it was meant to be  
No more chasin' groupies, well at least not for me

All my niggas like "Damn, whassup with D-I-C-E?  
That ain't no pimp shit", but it was like out of nowhere  
Everything switched from me just wantin' to hear  
To lookin' into her mind, into her eyes, but I can't lie  
Y'all know me, I still was scopin' them thighs  
Ayyo she can't sing, tell a joke, hold a note  
Dance, be on the soaps, but she's still a showstopper  
Make me wanna quit this game and be a doctor  
It's true what they say about love, it's for suckas, yo

[Chorus]
