It's all because of you,
I'm feeling sad and blue
You went away,
Now my life is just a rainy day.
And I love you so,
How much you'll never know
You've gone away and left me lonely

Untouchable memories
Seem to keep haunting me
Now the love so true
That once served all my gray skies blue
But you disappeared (You disappeared)
Now my eyes are filled with tears (tears)
And I'm wishing you were here with me

Soaked with love, all my thoughts of you
Now that you're gone, I just don't know what to do

CHORUS

If only you were here
You'd wash away my tears
The sun would shine,
Once again, you'll be mine oh mine
But in reality (reality)
You and I will never be (be)
'Cuz you took your love away from me

ooh ooh

Girl, I dunno what I did to make you leave me,
But what I do know, is that since you've been gone,
There's such an emptiness inside
Im wishing you'd come back to me

CHORUS

ohh, baby...
You took your love away from...me
OOHH
