Things I said were wrong
I've taking much too long
To say that I, I want you back
Always be near, oh that's a fact
I always keep on trying
I never try to deny it
That I was wrong once before
Give me a chance
I can't take this anymore

[CHORUS]

I'm counting the days
I'm counting the nights
Till we'll be together
I'm, I'm counting the hours
I'm watching the clock
It seems like forever

Waiting for you now
I keep on wondering how
To win you back
Why can't I dream
It's not as impossible as it seems
I always keep on trying
I never try to deny it
That I was wrong once before
Give me a chance
I can't take this anymore

[Repeat CHORUS]

I haven't seen you for a long, long time
But this moment is what's on my mind
I've waited for you to say
I want you, I need you, got to have you today

[Repeat CHORUS 2x]
