Keep it comin' baby  
Don't stop the lovin' girl  
I wanna show you this time, uh huh  
How much I missed you, baby  
Forgive my strange behavior  
It took some time to realize

Girl, we can do this  
Let your lovin' come down, baby  
Now that I found you  
I just wanna show you, girl  
I'll always be down for your love...

For you love, your love, sweet, sweet love  
Girl, I'll do anything for your love  
For your love, for your love, baby  
I'll do anything baby  
Girl, I'll do anything for your love (kick it)

Let me show you, baby  
The way I feel right now  
I wanna make it up to ya, uh huh  
I know just how ya like it  
And it gets me so excited  
To have you back in my arms, yeah...

Girl, we can do this (girl, we can do)  
Let your lovin' come down, baby (let your lovin' come  
Down)  
Now that I found you  
I just wanna show you, girl  
Girl, I'll do anything for your love  
Your love, sweet, sweet love  
Girl, I'll do anything for your love  
For your love, for your love, baby  
I'll do anything, baby

Girl, I'll do anything for your love  
I'll do anything for your love  
Your love, sweet, sweet love  
Girl, I'll do anything for your love (I wanna show you

This time girl)  
For your love, girl, I'll do anything for your love

Oohy, baby, all ya gotta say is that you love me  
Oohy, baby, all ya gotta do is give me one chance  
Oohy, baby, I wanna show you this time, girl  
Oohy, baby, I'll do anything for your love

For your love, sweet, sweet love... sweet, sweet love  
Girl, I'll do anything for your love (I wanna show you  
This time girl)  
For your love, your love (ya got it goin' on baby)  
Girl, I'll do anything for your love  
For your love, I'll do anything baby (the way I feel  
About you)  
Girl, I'll do anything for your love (I wanna show you  
This time girl)  
Don't stop the lovin', keep comin' baby  
Girl, I'll do anything for your love...  
For your love... your love  
Girl, I'll do anything for your love...  
For your love... your love  
Girl, I'll do anything for your love...
