What if I hadn't gone to town
To pick up a thing or two
What if I hadn't turned around
And walked straight into you

What if you hadn't said hello
Or smiled at me that way
Maybe I wouldn't be hurting so
The way I am today

Chorus

But I'm thankful for the day we met
That morning in September
Cause I'd rather have something to forget
Then nothing to remember

What if you hadn't called me up
What if I wasn't home
What if we hadn't shared that cup
Of coffee all alone
What if I hadn't felt your kiss
What if my heart didn't fall
Look at all the things I'd've missed
If we'd never met at all

Repeat Chorus

Cause I'd rather have something to forget
Then nothing to remember
Nothing to remember
Nothing to remember
