Don't you ever wish you were someone else
You were meant to be the way you are exactly
Don't you ever say you don't like the way you are
When you learn to love yourself you're better off by far
And I hope you'll always stay the same
'Cause there's nothin 'bout you I would change

I think that you could be whatever you wanted to be
If you could realize all the dreams you have inside
Don't be afraid if you got somethin to say
Just open up your heart and let it show you the way

Don't you ever wish you were someone else
You were meant to be the way you are exactly
Don't you ever say you don't like the way you are
When you learn to love yourself you're better off by far
And I hope you'll always stay the same
'Cause there's nothin 'bout you I would change

Believe in yourself reach down inside
The love you found will set you free
Believe in yourself you will come alive
Have faith in what you do you'll make it through
Ohhh whoa whoa hey

Don't you ever wish you were someone else
You were meant to be the way you are exactly
Don't you ever say you don't like the way you are
When you learn to love yourself you're better off by far
And I hope you'll always stay the same
'Cause there's nothin 'bout you I would change

No there's nothin 'bout you I would change

Don't change
