"5 Brothers And A Million Sisters"

Friday afternoon in Bostontown-
still know my way around.
Tryin' 'a find the rehearsal spot for
the reunion of the 'kids on the block.

Gonna rip it like we used to do.
Good to be back chillin' with the crew.
Don't know how its gonna be, but
last time we made history.

So tell ya mother and ya sistah too,
the New Kids are coming back for you.
And in my heart I knew you'd never forget,
but to see you again like this
makes me feel like I'll never be alone.

Wherever it is I'm goin' to, whatever I am
is because of you and I thank you. And I thank you.
5 BROTHERS AND A MILLION SISTERS-
didn't know how much I missed you.
Thank you. And I thank you.

All the way back and all the way up tonight.
Call it what you want, but I'll call it love tonight.
Some people said we couldn't do it again,
but the New Kids had the last word in the end.

See what happens when you follow your dreams?
See what happens when you just believe?
The whole world opens up her arms.
Everything is easy that used to be hard.

So tell ya mother that I lover her too
and don't you know we did it all for you, cuz
in my heart I knew you'd never forget,
but to see you again like this
makes me feel like I'll never be alone.

Wherever it is I'm goin' to, whatever I am
is because of you and I thank you. And I thank you.

5 BROTHERS AND A MILLION SISTERS-
didn't know how much I missed you.
Thank you. And I thank you.

Cuz you build me up. You make me high.
When I feel your love, I wanna fly.
No matter what we're goin' through
there ain't nothin' we can't do.

And I thank you.
