Left is right and right is wrong
Being high doesn't turn me on
One and one must not equal two
Cause I'm falling in love with you

You're under water I'm out of air
I'm not libel for me I swear
I don't know what the world's coming to
Must be falling in love with you

I must be falling for you

I'm out of body you're in my head
You're alive then I must be dead
I hear that Hell's got a wonderful view
Must be falling in love with

Put on your face and pull up your dress
Take me weeks to clean up this mess
Damned if I don't so what if I do
And I'm falling in love with you
I must be falling for you

Please I'm fine I'm good just stay away
I'm black you're white I'm straight you're gay
You're sick I'm tired he's Greek I'm not
but I love you hate I'm sold you're bought
I'm fine I'm good just stay away

Left is right and right is wrong
Being high doesn't turn me on
One and one must not equal two
Cause I'm falling in love with you

I can't stop falling

Damned if I don't so what if I do
And I'm falling in love with you

Yeah yeah yeah yeah

Ohhhhh

I think I'm falling in love with you
