[Chorus]

I don't know why I love you
But baby you know I do
And it took so long to find you girl
I'm never losing you

Go to bed mad, fuss and fight
Wake up, make love middle of the night
I don't understand all the things you do
But baby I could never stay mad at you
And I think that this could last forever

[chorus]

I don't know why I love you
But baby you know I do
And it took so long to find you girl
I'm never losing you
I don't know why you love me
But baby I'm glad that you do
And I'm wide awake to realize
That you were meant for me

And I was meant for you

Sometimes I think there's someone better for me
Who says and does things perfectly
A flawless someone warm and sweet
Then I realize you're right next to me
And I think that this could last forever - yeah

[chorus]

The story of us goes on and on
And it's never gonna end 'cause it's much too
strong, too strong

[chorus]

I was meant for you
I don't why I, I don't why I, I don't why I love you
but
I I don't why I, I don't why I, I don't why I love you

but I do
